Connections. Stability. Choice.

Living here isn't about retirement—it's about planning your future and living life to the fullest, all based on your individual needs and desires.

Your life here

You will live here knowing that you'll have everything you need for the rest of your life. The Huntington at Nashua has a variety of floor plans including one- and two-bedroom apartments, as well as spacious cottages. While you will leave the responsibilities of home maintenance and upkeep behind, you will have more time to pursue other interests, like joining one of our many resident-run committees, taking a fitness class, or reading a new book in the expansive library.

Future care

Our comprehensive Life Care contract includes a one-time, per-person fee at entry that ensures you unlimited use of our on-site assisted living and nursing facilities if needed in the future. The only additional charge is the cost of two meals per day, which is a significant savings over typical fees at an assisted living facility or nursing home. We also guarantee lifetime care.
